

Monthly Video Publishing (MVP)

Broadcast your Business to Success with Monthly Video Publishing!

Our MVP plans produce much more than a video per month. We bring your business to market one message at a time, every month!

MVP produces episodes of appealing and search engine optimized video to not only inform customers, but to engage, and to entertain and to provide video worthy of sharing and dialog.

Designed and built to sustain long-term customer interest and growth markets for your business.

Video marketing with Media Mark is about communicating messages through stories.

MVP includes doing the heavy lifting, such as effective script writing and storyboarding to produce targeted messages to specifically targeted audiences.

Relevant video content is not only ranked well by search engines; it provides strong visuals for superior branding and communications to consumers.

We draft scripts, schedule productions, shoot your scenes and bring it all together in the final edit to deliver your message, products and services through engaging video production.

MVP incorporates a defined production schedule, including:

MVP Plan

Monthly: One hour strategy meeting: by phone, or videoconference, or in person if in Palm Beach County. Two hours pre-production. Two hours production. Four hours post-production. Choice of: 1-90-second, or 2-30-second, or 4-15-second video commercials per month. Publishing to one channel (Website, VPS, YouTube, Vimeo, etc.) of choice.

Price:

\$350 p/month w/year account

\$470 p/month w/quarterly account
